Faculty of Sciences
2017 Study Plan
Bachelor of Science (Molecular Biology)
Last updated: May 2017

Bachelor of Science (Molecular Biology) is only available to students who commenced in or prior to 2015

ALL COURSES ARE WORTH 3 UNITS UNLESS OTHERWISE SPECIFIED

Key

- Core Course
- Elective Course
- Course for Major

# Check Course Planner or with the Faculty of Sciences Office to ensure you meet the pre-requisites prior to enrolling into this course.

† Students who successfully complete CHEM 1101 and CHEM 1201 will be required to undertake an additional course, CHEM 1312 Foundations of Chemistry IS during Summer School before commencing Level II Chemistry studies.

Majors

Students must achieve a major in either Biochemistry or Genetics as outlined in the Study Plan above. In addition, there is an option to include a second major selected from the following complimentary disciplines from the Bachelor of Science:

- Biochemistry
- Genetics
- Chemistry
- Microbiology & Immunology

Enrolment Advice

- It is your responsibility to ensure you are correctly enrolled. Enrolment into courses outside of the Study Plan and Enrolment Advice listed could affect your eligibility to graduate.
- A total of 72 units are required to complete Bachelor of Science (Molecular Biology) program.
- 24 units will usually be completed for each of Levels I, II and III.
- At least 24 units must be completed at Level III.
- There is a limitation on the amount of ‘Non-Science’ courses that can be presented. Do not assume that because a course is offered through Sciences, that it automatically counts as ‘Science’ (e.g. Animal Science courses). Please refer to your Program Rules. If in doubt consult the Faculty Office for advice.

Electives and Broadening

- Please refer to your Program Rules for electives and all other requirements http://calendar.adelaide.edu.au/
- For Faculty of Sciences electives, see our website: http://sciences.adelaide.edu.au/degrees/courses/
- For information about electives from other faculties, restrictions and pre-requisites, search the course planner: https://access.adelaide.edu.au/courses/search.asp

Variations for Students who commenced in 2013 & 2012

- Variations for Students who commenced in 2013:
  - Complete courses to the value of 24 units at each of Level I, II and III.

- Variations for Students who commenced in 2012
  - Complete courses to the value of 24 units at each of Level I, II and III.
  - Level II: BIOCHEM 2500 Biochemistry II: Molecular and Cell Biology, has been replaced by BIOCHEM 2504 Biochemistry II: Molecular and Cell Biology (Molecular Biology).
  - Level II: BIOCHEM 2501 Biochemistry II: Metabolism, has been replaced by BIOCHEM 2505 Biochemistry II: Metabolism (Molecular Biology).

Global Experience
The University of Adelaide is committed to offering its students the opportunity to study overseas through a Global Learning Experience. This experience is available in a wide range of degrees and can include student exchange (for either one or two full semesters), study tours, internships and placements. There are many exciting opportunities in Europe, Asia, the Americas, Africa, and Oceania ranging from a few weeks to a full academic year.

The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3. To find Global Learning opportunities available in your study area click Global Experiences.
