

## Pathway to major in Physiology

Physiology Major is only available to students who commenced in or prior to 2016

Year 1 / Level I (not more than 30 units)				
S1	#† 3 units of Level I CHEMISTRY or <a href="#">BIOLOGY 1101</a> Biology I: Molecules, Genes & Cells	<a href="#">Approved Level I Elective</a>	<a href="#">Approved Level I Elective</a>	<a href="#">SCIENCE 1400</a> Science or Fiction I or <a href="#">SCIENCE 1100</a> Principles & Practice of Science
S2	#† 3 units of Level I CHEMISTRY or <a href="#">BIOLOGY 1201</a> Biology I: Human Perspectives	<a href="#">Approved Level I Elective</a>	<a href="#">Approved Level I Elective</a>	<a href="#">Approved Level I Elective</a>
Year 2 / Level II				
S1	<a href="#">PHYSIOL 2510</a> Human Physiology IIA: Heart, Lungs and Neuromuscular Systems	<a href="#">Approved Level II Elective</a>	<a href="#">Approved Level II Elective</a>	<a href="#">Approved Level II Elective</a>
S2	<a href="#">PHYSIOL 2520</a> Human Physiology IIB: Systems & Homeostasis <i>*Global Experience:</i> The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3.	<a href="#">Approved Level II Elective</a>	<a href="#">Approved Level II Elective</a>	<a href="#">Approved Level II Elective</a>
Year 3 / Level III (at least 24 units)				
S1	<a href="#">PHYSIOL 3001</a> Cellular & Systems Neurobiology (6 units) <i>*Global Experience:</i> The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3.		<a href="#">Approved Level III Elective</a>	<a href="#">Approved Level III Elective</a>
S2	<a href="#">PHYSIOL 3000</a> Integrative and Applied Systems Physiology (6 units)		<a href="#">Approved Level III Elective</a>	<a href="#">Approved Level III Elective</a>

ALL COURSES ARE WORTH 3 UNITS UNLESS OTHERWISE SPECIFIED

### Key

Core Course	Elective Course	Course for Major
-------------	-----------------	------------------

#† Students must enrol at Level I in either 6 units of Chemistry courses, and/or 6 units of Biology courses (as outlined in the above study plan). 3 units of Chemistry courses and 3 units of Biology courses will not fulfil prerequisite criteria to proceed to Level II.

† Students who successfully complete CHEM 1101 and CHEM 1201 and who wish to continue their study of Chemistry at Level II will be required to undertake an additional course, CHEM 1312 Foundations of Chemistry IS during Summer School before commencing Level II Chemistry studies.

### Complimentary Majors

The following majors are often pursued by students as well as the above major, as a complimentary field:

- Biochemistry
- Chemistry
- Genetics
- Physics
- Microbiology & Immunology

### Enrolment Advice

- It is your responsibility to ensure you are correctly enrolled. Enrolment into courses outside of the Study Plan and Enrolment Advice listed could affect your eligibility to graduate.
- A total of 72 units are required to complete Bachelor of Science program.
- 24 units will usually be completed for each of Levels I, II and III.
- At least 24 units must be completed at Level III.
- You may substitute an appropriate course chosen from Level II to fulfil the requirements of Level I, or from Level III to fulfil the requirements of Level I or II.
- There is a limitation on the amount of 'Non-Science' courses that can be presented. **Do not assume that because a course is offered through Sciences, that it automatically counts as 'Science'** (e.g. Animal Science courses). Please refer to your [Program Rules](#). If in doubt consult the Faculty Office for advice.
- No level III course may be used to meet the requirements of more than one major. (For example, if *Soil Ecology and Nutrient Cycling* is used to qualify for a Soil Science major, it cannot also be used to qualify for an Ecology Major).
- Please consult your Program Coordinator <http://www.sciences.adelaide.edu.au/current-students/contacts/coordinators/#ug>
- or contact the Faculty of Sciences Office for advice.
- Please contact the Faculty of Sciences Office for advice.

## Pathway to major in Physiology

Physiology Major is only available to students who commenced in or prior to 2016

### Electives and Broadening

- Please refer to your Program Rules for electives and all other requirements <http://calendar.adelaide.edu.au/>
- For Faculty of Sciences electives, see our website: <http://sciences.adelaide.edu.au/degrees/courses/>
- For information about electives from other faculties, restrictions and pre-requisites, search the course planner: <https://access.adelaide.edu.au/courses/search.asp>

### Global Experience

The University of Adelaide is committed to offering its students the opportunity to study overseas through a Global Learning Experience. This experience is available in a wide range of degrees and can include student exchange (for either one or two full semesters), study tours, internships and placements. There are many exciting opportunities in Europe, Asia, the Americas, Africa, and Oceania ranging from a few weeks to a full academic year.

\* The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3. To find Global Learning opportunities available in your study area click [Global Experiences](#).
